Educational qualifications

Full Stack Data Science Masters
iNeuron Intelligence (1 yr Certification Program)   **May 20203-Jan 2024**

Institute of Science , Banaras Hindu University   2020-2023
Bachelor of Science (Bsc) , (Math,Physics,Geology Hons)   **CGPA** - 7.6/10

Technical skill

- **Machine Learning** : Supervised and Unsupervised
- **Natural Language Prcessing (NLP) :** NLTK , Text Representation , Word2Vec
- **Language and Framworks** : Python , SQL , Flask , Streamlit, Excel
- **Libraries** : Sklearn , Numpy , Pandas , Beautifulsoup
- **Statistics**

Projects

Laptop Price Predictor Using Regression Model

- **With the given variable built a Machine learning model with accuracy score 78% which will predict the absolute price of given input**   **Project Preview**
- **Technology -** _Python , Machine learning model ,Pandas , Regression Model , Statistics ,_
- Data Cleaning , Feature Engineerng of the given Dataset

Diabetes data analysis and Visualization

- _Technology =_ **Python , Pandas , Numpy , Seaborn , Matplotlib**   **Live Project Preview**
- **figure out the major factor effecting the causes of diabetes by feature eng. and graph**
  factors : pregnencies , Blood Pressure , Insulin , BMI and age
- figure out which factor is effecting more using diffrent
  graph eg = distplot , kdeplot and more

Best-performing applications on the Google Play Store by KMeans Unsupervised algorithms

- **Developed a robust machine learning solution aimed at identifying the optimal Google Play Store applications based on a set of crucial features**   **Project Preview**
- **Technology :** Python , Pandas , Numpy , sklearn , Statistics
  Applied KMeans Unsupervised Machine Learning algo and categorized the application in 3 segments
- find out top 30 most used applications

Power BI Data analysis and Visualization

- _The primary objective of this project is to analyze and present expense data in a meaningful and easily digestible manner, enabling stakeholders to make informed decisions._   **Live Project Preview**
- **Technology** – Power BI, Excel
- **Plot & Graph** – Bar Chart , Pie Chat , Line chart
- **Conclusion** – Presentaion with Google slide

- Kaggle Expert
- HackerRank 4 star in SQL
